## COMPANY OVERVIEW

Total Solutions, Inc. (TSI) is a leading consulting and professional services firm providing a broad range of services and solutions in program management; administrative, communication, and business support; engineering; research; technology; strategy, and operations. Since our founding in 1995, TSI has supported over 500 federal and state contracts for multiple government in 25 states and in 45 countries. To meet the demands of today's fast-changing world as the government's needs evolved over time, we have invested in numerous technical and organizational capabilities. Today, we serve federal civilian, defense, and intelligence agencies with a wide range of services. TSI has been recognized as a Top Small, Top Woman-Owned and Top Diversity Owned Small Business and is certified as a Woman-Owned Small Business (WOSB).

## SAMPLE OF CURRENT CONTRACTS

### **NASA: Operations and Programmatic Support Services (OPSS)**

TSI provides administrative, professional, and communications support services across a wide range of activities at NASA Headquarters while managing a team of experts on high visibility programs. We manage four subcontractors including one large significant subcontractor.

### **USACCoE: Electronic Warfare (17E) Training and Range Support Services**

TSI provides training development; classroom, field, and range training; and range operation and support services for the USACCoE at Fort Gordon, GA. This project focuses on providing instruction of the 17E Advanced Individual Training, and Electronic Warfare range operations, and shall also supports EW course content update and revision for the Cyber School.

### **U.S. Air Force Medical Readiness Agency (AFMRA) Strategy and Program Management Services**

TSI provides strategic planning, electronic health records program management, external workload capture, and health plan management services to AFMRA. TSI supports program management/analytical support services throughout USAF and Military Treatment Facilities. TSI conducts strategic planning and change management for healthcare operations, project and business management, and strategy management.

### **MSIC: Logistics, Warehouse, Access Control, and Escort Services**

TSI provides logistics support, financial support services, security specialists, intelligence support, mail screening security services, personnel security, and Special Access Program Facility or Sensitive Compartmented Information Facility security administration to MSIC.

### **CDC: Information Management Services (CIMS)**

TSI provides multiple services under this contract, including development and maintenance of databases, program management support, business process improvement analysis, coordinating communications, supporting change management, providing technical consultation, and development support to CDC program offices.

### **FEMA Federal Insurance & Mitigation Administration Financial Support**

TSI provides financial management support – including financial subject matter expertise, financial controls, risk management, accounting and auditing responsibilities, investment and insurance actuarial services, and data analysis of the National Flood Insurance Program funding and operational activities.

## WHY TSI?

### **Our Dedication to Customer Loyalty and Satisfaction**

Customer satisfaction is our top priority.

### **Leadership and Administration**

- Collaborative and client focused culture
- Strong internal culture of reward
- Encouragement and growth
- Mature processes and procedures capable of managing ever-changing global operations
- Low costs through low overhead (single corporate office) while managing a global firm

### **Our People & Strategic Partnerships**

Experienced, certified, invested, and passionate about what we do.

### **Our Past Performance**

Verifiable, reliable & consistent. Long-term experience working with diverse groups of people and cultures.
